### **Marquette Transportation Finance Hires Robert Gole as Senior Vice President of Sales**

**BLOOMINGTON, Minn.** (Jan. 1, 2018) — Marquette Transportation Finance, LLC announced it has hired Rob Gole as senior vice president of sales. In his role, he is responsible for building new business opportunities while supporting existing client relationships.

Gole has more than 30 years of experience in the banking and financial services industry including factoring, asset based lending and equipment financing. Prior to joining Marquette, he was vice president, business development officer at Triumph Business Capital and at TAB Bank.

“We are thrilled to add Rob to our growing team at Marquette Transportation Finance,” said DiAne Reed, executive vice president, director of national sales at Marquette. “His vast experience and knowledge of the industry will only enhance the work our team is able to produce for our clients.”

Gole graduated from Cornell University with a master’s degree in business administration and the University at Albany with a bachelor’s degree in economics. He is very active in the trucking industry and commercial markets with involvement in: American Trucking Association, Truckload Carriers Association, Commercial Finance Association, Turnaround Management Association, Association of Corporate Growth and International Factors Association.

#### **About Marquette Transportation Finance**

Marquette Transportation Finance, LLC (MTF), a subsidiary of UMB Bank, n.a., is located in Bloomington, Minnesota and is a leading provider of accounts receivable financing solutions for the trucking industry, serving companies with annual revenue from \$2 million to \$400 million. MTF assists trucking companies in meeting their working capital needs to drive growth, fund acquisitions, improve liquidity, and fund restructures. MTF continuously works to implement industry best practices and remain up-to-date through its memberships in American Trucker Associations, Truckload Carriers Association, and various State trucking associations in its regions. MTF is small enough to be nimble by controlling how it manages and offers its services, while also providing strength through its parent company, UMB Bank, n.a., and its ultimate parent company, UMB Financial Corporation.

## **About UMB**

UMB Financial Corporation (Nasdaq: UMBF) is a diversified financial holding company headquartered in Kansas City, Missouri that offers complete banking services, payment solutions, asset servicing, and institutional investment management to customers. UMBF's national bank subsidiary, UMB Bank, n.a., operates banking and wealth management centers in Missouri, Colorado, Kansas, Oklahoma, Nebraska, Arizona, Texas, and Illinois as well as two national specialty-lending businesses, Marquette Transportation Finance and its Marquette Commercial Finance division. Subsidiaries of UMBF also include companies that offer services to mutual funds, alternative-investment entities, and registered investment advisors that offer equity and fixed income strategies to institutions and individual investors.
